DAIREAUX, BUENOS AIRES, ARGENTINA

OUR HOME LAND, OUR SECRET SPOT!

For us at Argentina Heritage, La Quebrada lodge IS NOT just one more hunting destination in our set of owned ranches, this area is the home land of Damian Garcia one of our founders and main Manager, the fields where he started to hunt Perdiz and blackbuck antelopes during his childhood almost 30 years ago.

These are the grounds where himself and our seasoned guides have hunted for more than 20 years. Attending discerning waterfowl and upland game hunters from all over the world returning every year or every other year to enjoy our high volume duck hunts and walk up our pastures behind well trained pointer dogs in the pursuit of the challenging perdiz, plus the "warm up barrels time!" at doves and pigeons roosts. Our +80% repeating client rate speaks for itself and it is backed up with 20 years of game management experience and a client orientated service.

*Life is about moments,
don't wait for them,
chase them.*

DAIREAUX, BUENOS AIRES, ARGENTINA

THE WATERFOWL STAGE

TOP CLASS DUCK HUNTING!

This area is the perfect habitat combination for waterfowl, finding big lakes surrounded by potholes as the potholes regions in the USA, or marshy low areas with flooded corn fields, as also spring creeks that supply constant fresh and clear water year round. The duck season takes place from late April until the early August.

Away from the crowded corridors in La Quebrada we assure a unique duck hunting experience for the discerning hunter. Our professional game managing program is supported by decades of testing and knowledge on this area. The hunting calendar is organized to achieve and deliver consistency of ducks every day for every group, no matter droughts or floods, we warranty the best duck waterfowl hunting experience in Argentina.

THE PARTRIDGE STAGE

EXCELLENT PERDIZ OVER POINTER DOGS

La Quebrada area covers excellent pastures fields in combination with cropping land, a place where Perdiz finds a good balance between cover and food. We understand what perdiz hunting is all about as we grew up hunting in this area, and that's why we lease and rotate more than 30 fields per season

to keep this challenging bird population healthy! Ideal moments to hunt perdiz is by mid-morning (after the duck hunt) or during the afternoon. Hunters will be assisted by a Guide and trained pointer dogs of various breeds such as English Pointers, Drahthhars and Brittany Spaniels. Perdiz hunting is part of our DNA and legacy for the future generations to come. Everyone who experience such magnificent bird hunt wants to repeat the challenge when they return.

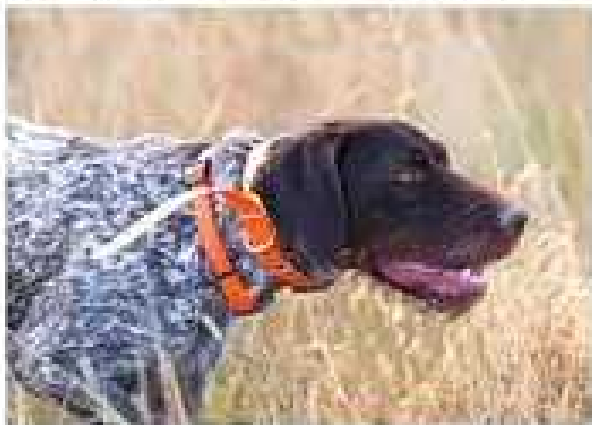

DOVE & PIGEON STAGE

HOT BARRELS ACTION AT THE ROOST

Before the 1800s the "humid pampa" had no trees, everything around was a vast plain pampas grass, marshes and potholes! Every centenary forest we find around nowadays have been planted and managed by wealthy ranchers in order to provide shelter and wood resource for

their ancient "Estancias" like our La Quebrada Lodge. Some forest are more than 100 years old and have become the best roosting habitat for doves and pigeons. The area produces a lot of sunflower and corn with harvest starting by late April running until end of July. Perfect timing for our hunting season giving us the chance to scout and select the best roost. The action begins after lunch, which sometimes is prepared and served at the same roost field.

LA QUEBRADA LODGE

YOUR SECOND HOME FOR THE SUMMER!

La Quebrada Boutique lodge has become our clients second home taking advantage of their hunting off-season, allowing our clients to keep hunting during their summer break. A fully equipped Family Ranch specially prepared for 4-6 hunters offering a "personalized service" attended by it's owners in person

We take special care to keep that family & friends atmosphere. All groups love the way we provide a personalized and custom service. So personal that we even provide "lodge exclusivity" for small groups, which is something that set us apart of the rest of wingshooting lodges around the world. Our repeating clients always mention "La Quebrada" as their second home, a place where they have forged the most precious memories with family and friends. What are you waiting to forge yours?
